June 2004

Letter from the Supervisor, Bill Udicious

Monday - Friday, 533-9058

Dear Residents:

Director of Finance/ Budget Officer Retires

Joan O'Mara, our Director of Finance and Budget Officer for the past 23 years has retired effective June 1, 2004. Joan has been a dedicated, conscientious employee for the Town and she will be greatly missed by all Town employees, especially the Supervisor. Anticipating Joan's retirement, the Town Board has restructured the Director of Finance position by removing the payroll function from the job thus enabling us to reclassify the job as part-time. Since part-time workers do not receive health care benefits and also with the reduction of hours required to do the job, a substantial savings to the Town will be the result. Another major benefit is that we are not reliant on only 1 or 2 of our limited staff that have been trained to perform the payroll function. The payroll function for the Town is now being done by ADP.

Appointment of the Director of Finance/Budget Officer

Paula Anderson has been appointed Director of Finance/Budget Officer effective June 1, 2004. Paula brings related experience to the job and we are sure that she will be a capable replacement.

Skateboarding

Our newly remodeled Town Hall is already experiencing damage by skateboarders. This has been occurring during the evening and weekends when the Town Hall is closed. Recently, Library personnel, during the evening hours, have informed "skateboarders" to leave the property. Skateboarding on Town property is not permitted and necessary action will be taken to prevent further damage to Town property. The Monroe County Sheriff's Office has been alerted to this problem and it will be addressed by them.

Water Supply Line Replacement

The City of Rochester will soon initiate the design for replacing 14,000 feet of a 24 inch diameter water supply pipeline located in the towns of Mendon and Rush. This pipeline is located within a 60 foot wide City easement through acreage owned by 15 property owners in Rush. A letter from the City of Rochester dated April 29, 2004, has informed those property owners of their plan. The conduit to be replaced starts southeast of the intersection of Route 15A and Jeffords Road and proceeds in a southeasterly direction, crosses Route 251 just west of the old Lehigh Valley track and runs along the old track into the Town of Mendon. This conduit was installed in 1874. A map is available in my office for anyone to view.

R&B Project

The Exterior of the Library should be completed by early June. Paving of the new west parking lot and the access road from Route 251 will be complete by early June. At that time, the south parking lot next to the Town Hall will be closed so that this lot can be reconstructed. During this time, all parking for

the Town Hall and Library will be at the west parking lot. Also, at that time entry to the Library, after Town Hall hours, will be at the west entry and will continue to be the only entrance to the Library. As previously mentioned in my May newsletter, landscaping will be completed by mid-June. Grading and seeding of the area behind the Town Hall and Library and the ditch project completion will continue after mid-June.

Sincerely,

William R. Udicious

FIRE DISTRICT: The extrication pad in the rear of station one is being worked on. The new pumper 582 should be in service early this month. Operator training was conducted and driver training is now in progress.

The fire chief was authorized to replace \$4,000 worth of hose that is over 25 years old. We test the hoses every year and this year several have started to leak and may become a safety hazard.

FIRE DEPARTMENT & AMBULANCE: A special “thank you” to all of the residents that contributed to our annual fund drive.

Donations were at an all time high. Most of these funds this year will go towards the new Ford F-350 brush/utility 4-wheel drive truck that we ordered and expect to have in July. Your firefighters appreciate the Rush community financial support that is unmatched anywhere in western New York!

Ambulance Director Bob Faugh and EMT Royer Pfersick attended the EMS Memorial dedication in Albany at the Empire Plaza on 5/19/04. The 25 NYS EMS workers killed in the line of duty over the years now have a memorial. The Governor dedicated the memorial to all EMS workers who many times do not get the recognition that police and firefighters receive when giving their lives to save others. Nine were killed on 9/11/01 in NYC. The Police and Firefighters memorials are in the same area of the plaza.

The new ambulance was dedicated to RFD Ladies Auxiliary member Pat Meese and the entire Ladies Auxiliary. They have supported the fire department and ambulance for many years. A plaque was placed on the side of the new ambulance.

The officers had a tour of the new town hall complex, the fire alarm and sprinkler system.

**TRACTOR PULL & LAWN MOWER
EVENT:** These events take place on June 5 & 6 along with the Boy Scouts Chicken Barbeque at the Carnival field on Rt 251 and Rt 15A.

**LADIES AUXILIARY “WILKINS
SCHOLARSHIP” WINNERS:** Two \$1,000 scholarships will be awarded this year. The winners have been selected and will be reported here next month.

Ladies Auxiliary members needed: During the year, the Auxiliary sponsors the Easter Egg Hunt, Kiddies Parade during the Rush Carnival and the Children’s Christmas party for Rush

children. The members also are responsible for the food booth at Carnival time and preparing the ham dinner on Election Day.

There is need for residents who are interesting in working on the polls to make their interest known. There is a training school each year for inspectors in the fall and you are paid for your time as an inspector. From the Director:

- Just a note regarding library fines and fees. Please remember your hometown library when you are paying those occasional overdue fines or lost item replacement charges. Fine and fee payments are our only budgeted form of self-generated revenue and the only projected budget income that is not guaranteed. Each library in the Monroe County Library System retains all monies collected at its site due to cash handling and auditing procedures. If you lose a Rush item and pay for it at Henrietta, Henrietta retains the money and Rush still needs to replace the item. This is especially painful when the item is a \$90 audio book. So please, whether it is a \$0.50 fine or a \$50.00 fee, whenever possible pay your reserve fees, overdue fines and lost item charges at Rush. Thank you.

Summer Hours

The Library's summer hours will begin on June 14th. We will be closed on Saturdays through September 4th. Monday through Friday hours remain the same.

New Faces

Our heartfelt congratulations and thanks are extended to Rheta Guse who has single-handedly performed the work of 2-3 Library Pages since last summer! Rheta is moving on after graduation. She will spend the summer experiencing new and exciting adventures before starting college in the fall. She will be missed. In her absence Lacey Laskowski will rejoin us again this summer after completing her junior year at Nazareth College. We will also be borrowing Samantha Bell from the

Fairport Public Library for June, July and August. Sam recently completed a Masters Degree at SUNY Brockport and will help us out over the summer before assuming a teaching position at MCC in the fall.

Job Opportunities

The Library is currently accepting applications for the position of part-time Library Page. We hope to have two or three new Pages begin training in early August. Our Pages are primarily responsible for shelving library materials, performing minor clerical tasks and occasionally staffing the circulation desk. No prior knowledge of library procedures is required. Hours include Monday – Friday evenings from 5:00-8:00 PM and Saturdays from 10:00 AM – 2:00 PM. Starting rate is \$5.97/hour. We are also accepting applications for future part-time clerical positions. The title of Library Clerk starts at \$7.73/hour and Senior Library Clerk starts at \$9.67/hour. Both positions involve the performance of routine circulation desk procedures, moderately complex clerical tasks as well as assisting patrons with use of the library collections. Afternoon availability (1:00 – 5:00 PM) is required as well as occasional nights and Saturdays. For further information, contact Jenny Peer, 533-1370.

By this time our office will have nearly completed our work from grievance day. We will immediately begin the process again preparing for the 2005 roll which includes reviewing recent sale data, plan review and field inspection of new construction projects, and verification of our records on existing homes. Anyone who is concerned that our records may be in error is asked to schedule an inspection so that the information utilized in future valuation projects can be correct. The summer is a good time to complete inspections as most other times become hectic for the Assessor's Office. Thank you for your assistance during the recent assessment

update project and enjoy the upcoming
summer months.
