Letter from the Supervisor, Bill Udicious

Monday - Friday, 533-9058

Dear Residents:

The R&B Project is nearing completion. The new west parking lot is complete, adding 50 additional parking areas and has been open for public use effective June 21st. We encourage you to use this new lot, particularly Library users, as it is convenient to the newly opened Library entrance. Effective July 6th, you may only access the Library at the west entry after normal Town Hall working hours (after 4:30 PM Monday through Friday plus weekends and holidays). *Note:* The west entry to the Library is near the newly constructed west parking lot which is only accessible from Route 251. During normal Town Hall working hours, you may also enter the Library area from the Town Hall. The reason for restricting when the Town Hall can be used to enter the Library is that it enables us to completely secure the Town Hall after normal working hours. Both the Town Hall and Library can now be independently secured. This was part of the original plan and now we are able to put it in effect.

We have relocated the bicycle rack that was formerly in front of the Library to the rear parking lot. Bicycle parking is not permitted in the parking lot, on the sidewalks or against the building.

The landscaping and plantings that we intended for the project are now complete. Topsoil dressing and seeding will be complete around the Library by early July. We plan to do

some additional landscaping in 2005 between the Town Hall and the new west parking lot.

An "Open House" for the Town Hall and Library is tentatively scheduled for Saturday, September 25th from 1 PM to 4 PM. The staff is currently making plans and the confirmation of the date will follow in a future newsletter.

Resolutions from the Association of Towns

In my May Newsletter I listed and briefly described 7 of the 14 resolutions proposed by the Association of Towns. I now list Resolution 8 will complete the listing in my August newsletter.

RESOLVED, that the Association supports legislative amendments to §207-c to clarify that its benefits be provided only when an injury occurs in the course of special work related to the heightened risks associated with law enforcement.

FIRE DISTRICT: The new pumper is in service and we have found less problems than usual with a vehicle that has so many complex systems. It is also easier for the members to operate with a pre-set system for pressure and foam application. The truck has competed in two parades so far and won first prize at both.

FIRE DEPARTMENT: The members and officers working on the apparatus are the reason for the many equipment awards at the area parades. A running list of awards is on the web site at www.rushfd.com under parades.

Thank you to Rob Rowland of Rush Storage for sponsoring the *Lawn Tractor Pull* held June 5th. The Tractor Pull scheduled for Sunday was cancelled due to a wet field.

WATER RESCUE: The FD and EMS responded to Honeoye Creek in May for a water rescue. The call came in at 10:52 p.m. The fifth Battalion Water Rescue Team was dispatched. The boat was on scene in seven minutes and in the water five minutes later. The victim had been in the 50 degree water for almost 30 minutes and could not hold on any longer. The boat crew took a calculated risk and went to get him out due to the victim's condition. Other FD members from Rush and Honeoye Falls went down stream with rope bags. A life ring was on the victim and as he was pulled into the boat the bow went under filling the boat. The crew and victim then floated down stream under the bridge where ropes were tossed and two firefighters were pulled out by rope, the other two self-rescued and got out with the victim. The people in the boat had trained for exactly what happen that night and all stated that they knew what to do and did it. The whole rescue took less than 20 minutes. Because of the combined actions of

those involved the victim is alive today. He was taken by Rush Ambulance to Strong for exhaustion and hypothermia. The several years of training paid off. We held a critique and identified some area that we could improve and also lessen the risk to our members in future water rescue situations.

FIRE PREVENTION: The fire prevention committee has been busy. The Fire Prevention Poster contest winners were awarded \$25.00 each at an assembly at the Monica Leary School. Mrs. Pugsley's class: Evelyn Haynes & Jessica Clark, Mrs. Varble's class: Amanda Cirincione & Sara Schwingel, Mr. Walther's class: Zahne Jone & Cory Masseth, Mrs. Terrance's class: Jessica Goerke and Kassie Popp. Congratulations, the competition level was extremely high.

LADIES AUXILIARY: Paula Anderson, the "Betty Wilkins Scholarship Fund" chair, reports that there are two \$1,000 winners this year. Christina Princehorn and Meghan Berardi were selected by the ladies auxiliary.

NEW AUXILIARY MEMBERS NEEDED: The Rush Fire Department Ladies Auxiliary has an Open Enrollment Program and is accepting new members. Any Rush female over the age of 18 years is invited to join. Our meetings are held at 7:00 PM on the last Monday of the month. For more information, please contact Joan Madigan at 229-4168.

FUND DRIVE: A few residents told the volunteer firefighter who came to their door in May that they would "send it in" but it appears that they have forgotten to do so. PLEASE SEND IN YOUR DONATION ASAP. Thank You!

CARNIVAL INFORMATION: The carnival will be held July 8, 9 and 10. There will be legal gambling every night. We are very proud of the safe, family-friendly event that we sponsor every summer for the area residents. It is a lot of work for your volunteer fire, ambulance, social, auxiliary members and other community members who assist at the carnival. Your help is appreciated!
