Dear Residents:

RUSH TOWN PARK PROJECT

The Rush Highway Department has begun work on the Town Hall property to build a ball field, soccer field, walking trail on the perimeter of the property, and a canoe launching area. Grading of the area will begin after the area is cleared. We will preserve all trees that are in areas where major grading is not required. Concurrently, we will be installing underground utility service that will be required for the rest rooms that will service all of our outdoor recreation areas. We are hopeful that work will begin on the picnic pavilion as funding becomes available.

ADOPTED LEGISLATIVE RESOLUTIONS – Association of Towns

The Official Delegates to the 2008 Business Session of the Association of Towns of the State of New York have adopted resolutions on the following topics that they determined to be in need of legislative consideration. These were sent to: the Governor of the State of New York, the Members of the New York State Assembly and Senate, the Heads of the several State Departments, Divisions and other Agencies of New York State Government and Members of the United States Congress.

Resolved, that the Official Delegates to the 2008 Business Session of the Association of Towns of the State of New York have adopted resolutions on the following topics:

Resolution No. 1: Protect and Strengthen Home Rule – Resolved, that the Association of Towns calls upon our state leaders to preserve and strengthen home rule; and **BE IT FURTHER**

Resolved, that the Association of Towns will strongly oppose any state initiative to eliminate or weaken New York's long-standing tradition of home rule and local government authority.

Resolution No. 2: Mandate Relief – Resolved, that the Association of Towns calls upon the President and Congress to enhance the Unfunded Mandates Reform Act of 1995 to expand the definition of the term "unfunded mandate" and to fully fund Federal programs administered at the state and local level; and **BE IT FURTHER**

Resolved, that the Association of Towns calls upon the Governor and the New York State Legislature to enact comprehensive mandate relief legislation that would take into consideration the following among other relief measures: (1) inventory and fully fund existing and future mandates and (2) require all future legislation to include comprehensive local fiscal impact notes.

Resolution No. 3: Increase in Justice Court Funding – Resolved, that the Association of Towns requests legislative action to increase reimbursement fees to assist local taxpayers in funding justice court operational expenses.

Resolution No. 4: Fund the Unfunded Municipal Separate Storm Sewer Systems (MS4) Mandate – Resolved, that to guarantee that the program is implemented and enforced uniformly throughout the State, the Association of Towns calls for fully funding the development, implementation and enforcement of this program

Resolution No. 5: Highway Transportation Funding – Resolved, that the Association of Towns calls upon the Governor and Legislature to continue their support of the Consolidated Highway Improvement Program (CHIPS) and

to explore every way possible to increase highway aid.

Resolution No. 6: Local Road Classification – Resolved, that the Association of Towns urges the Governor and the Legislature to direct the Department of Transportation to review NYS Local Road Classification Task Force recommendations regarding local road classification standards and enact appropriate enabling authority for local road classifications which will permit local governments to rationally reduce to more appropriate levels, the costs of maintenance and repair of properly designated low volume and minimum maintenance roads.

Resolution No. 7: Speed Limits on Town Roads – Resolved, that the Association of Towns urges the Legislature and Governor to extend to all towns the option – through adoption of a local law – to assume responsibility and authority to set speed limits on town roads within their respective jurisdiction, within the limits as defined in Section 1662-a of the Vehicle and Traffic Law, and so long as those roads have been functionally classified by the Department of Transportation as local roads.

Resolution No. 8: Preserve and Strengthen Local Government’s Role in the Siting of Energy Generation Facilities – Resolved, the Association of Towns calls upon the Governor, State Legislature and State Agencies to develop new laws and regulations that will preserve local authority over the siting of Wind Energy Facilities (WEFs) and that will provide local government officials from a host municipality with a seat on the New York State Board of Electric Generation Siting and the Environment (Siting Board).

Resolution No. 9: Municipal Deposits in Credit Unions and Thrift Institutions – Resolved, that the Association of Towns calls upon the Governor and the New York State Legislature to pass legislation that amends all applicable state laws to allow local government to deposit public funds in credit unions and thrift institutions.

Resolution No. 10: Reform the Real Property Tax and Assessment System – Resolved, that the Association of Towns requests the Governor and Legislature to study, define and enact a uniform, well-defined approach to exemption and taxable status date legislation that will provide state funding for any state-mandated or encouraged exemption programs and protect local property tax revenues.

Resolution No. 11: Reform Condominium Assessments – Resolved, that the Association of Towns again calls upon the Legislature and the Governor to repeal Real Property Law, Section 339-y so as to provide equal treatment for all types of residential housing and to prevent the continuing abuses of Section 339-y.

Resolution No. 12: Preservation of Local Taxation on Certain Lands Owned by the State of New York – Resolved, that the Association of Towns supports the present authority for the taxation of certain state lands, particularly in the Adirondack and Catskill Parks, and further urges the State to develop a uniform policy for the taxation of other state lands.

Resolution No. 13: General Municipal Law (GML) 207-C Disability Benefits for Law Enforcement Reform – Resolved, that the New York State Association of Towns supports legislation to amend General Municipal Law, Section 207-c to require disability retirement benefits to be extended to any law enforcement officer who has been receiving GML Section 207-c benefits for a period of 36 months without the ability to return to work.

Resolution No. 14: Restore and Secure Equity in Collective Bargaining – Resolved, that the Association of Towns calls upon the New York State Legislature, Governor and Public Employee Relations Board to restore equity in the collective bargaining process by taking measured steps including but not limited to: (1) reform or repeal “compulsory binding arbitration” by including the ability to pay –

without raising taxes – as a priority consideration for binding arbitration panels and requiring higher employee contributions towards benefits such as health care costs; (2) reform or repeal the “Triborough Amendment” which makes it an “improper practice” for an employer to refuse to continue all of the terms of an expired agreement until a new agreement is negotiated; (3) resist employer penalty legislation (e.g., which would have imposed a penalty on employers found to be acting in bad faith by requiring the taxpayers to provide a one percent increase in salaries for all members of a collective bargaining unit) without any corresponding penalty for unions or their members found to be bargaining in bad faith.

Resolution No. 15: Preserve Local Control Over Active and Retiree Health Insurance Benefits – Resolved, that the association of Towns is opposed to any State Legislation that would affect a local government’s control over the provision of health care benefits to its active or retired officers and employees.

Additional detail of the Resolutions is available in the Supervisor’s Office.

Thank You.

The Town Board thanks Hans Schmitthenner and all those who participated in the Earth Day Clean-up on April 26, 2008. I am including his letter sent to the Town so that we can appreciate the effort that goes into this yearly clean-up.

"I would like to heartily thank all of the sixty or so residents of Rush who volunteered their time on Saturday morning, April 26, to clean up the roads of Rush for Earth Day. It was a beautiful, sunny morning and this year we managed to leave the following roads gleaming: Rt. 251 (Boy Scouts), Rt. 15 (Boy Scouts), Pinnacle Road (Girl Scouts), Lyons Road (Girl Scouts), Rush-West Rush Road

(the only road in the county that is a tongue twister!) and portions of East River Road, and several other areas (with families).

Next year we would love to include YOUR road in our clean-up. You would be amazed at how much litter there is and it is such a great feeling to have it disappear! This year the following families and individuals contributed:

Flass, Repka, McNelly, Molinari, Manning, Conner, Choate, Cook, Dixon, Gianetti, Haynes, Lee, Lewkewicz, Hirschman, Lloyd, Moskowitz, Bonura, Culi, Braun, Livingston, Reibsome, Schmitthenners

and many thanks to the members from Boy Scout Troop 334 and Girl Scout Troop 117. Some of these are parents of scouts from Henrietta and even one from Fairport !

I would like to also thank Montesano's Restaurant in Rush for the wonderful sheet pizza party! Measuring the number of people in sheet pizzas, we increased from two sheet pizzas in past years to three sheet pizzas this year! Next year I would like to be able to order at least four!

Finally, I would like to thank Bill Udicious and the Town of Rush for supporting this event, Linda Driscoll of Delta Laboratories, "Adopt-a-Stream" for sponsoring this event, donating collection bags, and to Friendly's for the use of dumpsters, and providing numerous coupons for sundaes for all participants.

The Rush Earth Day Clean-Up tradition started with an invitation from Linda Driscoll to Bill Udicious who approached Boy Scout Troop 334 with the idea in 2006. This became my son Joe's Eagle Scout project and thanks to that, we are organized and well supplied with orange vests, leather gloves and poker sticks.

*Thanks again, neighbors! Please put **Earth Day Clean-up** on your calendars for next year. This is a joint effort between the scouts in Rush and families in Rush. Please join us*

next year for our big fifth anniversary!"
Hans Schmitthenner, West Rush

Thanks again, Mr. Schmitthenner.

Sincerely,

William R. Udicious

YEARLY DOG LICENSING/DOGS CONTROL

All dogs four months or older must be licensed in the town in which they live. To license a dog, you will need to provide evidence of a valid rabies vaccination. The statutory license

Untagged dogs running loose are picked up by the Dog Control Officer and taken to Suburban Animal Hospital. They will care for the animal for **THREE days**. Thereafter, it will be taken to Lollypop Farm. Please be aware that a fee of \$9.00 for seizure and a fee of \$9.00 a day is required for their hospital stay. Other fees also apply. Lately we have seen an increase in the number of building permits sold this spring and the number of inquiries regarding the need for a building permit. It must be the welcome change in the weather. If the nice weather entices you to consider a building project, you should be aware of changes that have recently occurred affecting building permit requirements in the Town of Rush and across New York State as well. The Rush Town Board recently adopted the "Minimum Standards for Administration and Enforcement of The Uniform Code" as required by New York State. The affect of this new local law has made building permits required for many projects that previously did not require one. Some examples are:

- a new roof
- new windows/doors
- waste (septic) field repair/replacement
- interior remodeling projects that change plumbing and/or electrical systems

Most every kind of structure that you build will require a building permit. If you are unsure, the best thing to do is call us to confirm the need for a permit before you start your project. If you are ready to purchase a permit, you will need a site footprint showing the location of the structure with setbacks and a set of construction prints for the structure. Permit applications are available from the Town Clerk's office.

I also want to remind residents that parking unlicensed vehicles on any property in the Town of Rush is a violation of the Rush Town Code 120-62F. Also, the parking of boats, campers, etc., anywhere except to the rear of the main structure is a violation of the Rush Town Code 120-57G. These violations have been a chronic problem in town for many years. Your cooperation to keep these violations off of your property is appreciated. Please call me at 278-8130 if you have questions.

Dear Neighbors,

Summer is an enormously busy and exciting time for us in the library. We have been diligently preparing plenty of programs to enrich you and your family during your vacations. We really enjoy seeing all the schoolchildren return for fun and prizes during the **Summer Reading Program** (and we will have prizes for teen and adult summer readers too!) We will hold our second annual **Rush Photo Contest**, our bi-annual **Book Sale**, and we'll have the results of our **Altered Book Art**

Show on display. Oh, and there are always new **books, music CDs, magazines, and movies** for you to peruse. Hopefully we'll have a little something for everyone. If not, then we'll welcome your suggestions and ideas!

Summer Hours & Closed Dates - The Library will close on Saturdays for the summer beginning June 1st; we will resume our Saturday hours after Labor Day, beginning Saturday, Sept. 6th. The Library will be closed on Friday, July 4th in observance of Independence Day, and will also close early at 5:00 PM on Friday, July 18th, in honor of the Firemen's Parade.

Hold Pick-up Dates: Beginning July 1st, computer-placed holds (requests) will need to be picked up within **one week** of arrival at the library (instead of the current hold time of ten days.) This is a county-wide policy change, instituted so that the newest and most popular books and movies will keep moving along, and therefore fill everyone's holds more quickly. With the implementation of e-mail notification, patrons should be aware that holds are waiting for them earlier than ever before, and you can sign up for this service anytime. As we always do here in Rush, we will give you a courtesy phone call before returning a requested item to its owning library.

Gazebo update: The Library Board will be working on the gazebo and reading garden project with the Rush-Henrietta Rotary Club this summer. We are looking forward to

this beautiful and functional addition to the Town property, and envision many happy outdoor story-times and musical performances to enhance community life. We are seeking the help of **adult**

volunteers for laying down stone pavers, light construction work, staining the wood, and gardening over the course of the summer. If you are interested in helping us, please call or stop in the library to sign up.

Our **"Summer Beach Reads" Book Sale** will take place during the week of **June 23-27** while the library is open. We have a very well-organized selection of gently-read bestsellers, romance novels, non-fiction books, collector's

books, and more, with prices starting at only 25¢. We are always accepting donations of used books (but not encyclopedias, text books, or condensed novels, thanks.) We can give you a receipt for your taxes if you like. The proceeds from the sale are used to supplement our book budget every year.

Summer Photo Contest:

Our second annual contest will take place over the summer, so get your cameras out and get clicking! We will be judging in two categories: “**A Day**

in the Life of Rush” and “**General**”. You will be asked to submit printed photos (not CDs, or digital files) and all will be displayed in the library. The two winners will have their entries posted on our web site, and win a prize. **All details and a deadline will be in the library and on our web site.** This is open to amateurs of all ages.

Beer Tasting Event: you asked for it! **The Friends of the Rush Library** are working on plans for this fundraiser to take place in August. Look for more information in the next newsletter, *The Rush-Henrietta Post*, *The Genesee Valley Pennysaver*, and in the library during the summer.

Looking forward to seeing you...
Kirsten

Outdoor Cooking Safety

Before using a grill, check the connection between the propane tank and the fuel line. Make sure the venturi tubes - where the air and gas mix - are not blocked.

Do not overfill the propane tank.

Always operate grills a safe distance away from any structure, deck or patio. A distance of at least ten feet is recommended.

Never grill/barbecue in enclosed areas - carbon monoxide could be produced.

Do not wear loose clothing while cooking at a barbecue.

Be careful when using lighter fluid. Do not add fluid to an already lit fire because the flames can flashback up into the container and explode.

Keep a fire extinguisher in the immediate area.

Keep all matches and lighters away from children. Teach your children to report any loose matches or lighters to an adult immediately. Supervise children around outdoor grills.

Dispose of hot coals properly – never in or near your house, garage, or structure. Douse them with plenty of water, and stir them to ensure that the fire is out. Place them in a metal container. Never place them in plastic, paper or wooden containers.

Make sure everyone knows to Stop, Drop and Roll in case a piece of clothing does catch fire. Call 911 if a burn warrants medical attention.

If you have any questions regarding fire safety, please feel free to call the Rush Fire Marshal's Office at 533-1312 or e-mail me at rick@townofrush.org.

FIRE DISTRICT: Commissioners Bob Faugh and Steve Winner attended the NYS Convention of Fire Districts held at the Doubletree Hotel in Henrietta. Mendon Fire Commissioner Larry Pierce was elected to the position of President of this organization that has over 800 fire districts as members throughout NYS. Bob Faugh was asked by the education committee of the state organization to provide a speech on emergency vehicle crashes and the lawsuit that will soon follow after the crash. Over 250 commissioners from all over NYS attended this spring 2008 meeting.

FIRE DEPARTMENT & AMBULANCE: A special "thank you" to all of the residents that have contributed to our annual fund drive. Donations are at an all time high. Your firefighters appreciate the Rush community financial support that is unmatched per mailing anywhere in western New York!

The Rush firefighters will provide the hots, hamburgers and rolls for the July & August picnics for the Rush senior citizens.

The Ladies Auxiliary held their past officers banquet at the Norton Grill in Honeoye Falls. The fire department presented them with \$1,000 for their scholarship fund and a gift card to Wal-Mart for \$250 for any needed kitchen supplies.

“AL MACK” SCOUT HOUSE: The fire department is having the driveway repaired. Local contractor (B&L) is doing the work. Rush Gravel and Hanson Quarry are assisting with the project. 2007 Carnival profit will be used to fund the project. The fire department has provided Boy Scout Troop 134 the Al Mack Memorial Scout Building since 1960. Asst. Chief Al Mack was killed while on duty 12/29/59.

“JAWS OF LIFE” Rush and Mendon FD got together and put their unused and older extrication equipment together and donated it to Ionia FD who had none. Rush put on a drill to train them on how to use it on May 12, 2008.

AMBULANCE: We will be purchasing a new gurney for the ambulance. We checked out several some air operated and some electric. We bought the “Stryker” electric brand. It has an electric system that raises and lowers the cot. This will make it easier for the crews and safer for the patients. The cost is \$10,500. 2008 Fund drive money will be used for this purchase.
