A. Seldon Chase sought the Board's assistance in seeking the date of the bicycle race that comes through the southern part of the Town of Rush and requested that the route be changed. Bicyclists have taken county roads Rush West Rush Road and Five Points Road and town road Stonybrook Road in the past. The Chase farmers bail and transfer 100 acres of hay and straw on 5 ton wagons through these roads. Stopping the wagons is disruptive and presents an accident risk. Supervisor Udicious will contact the Monroe County Sheriff's Office. Councilman Knab previously discussed the race with Fire Commissioner Robert Faugh. They concurred that the Fire Department/EMS should be advised of the race taking place and road closures. Permits may be required.

C. Councilwoman Sluberski . The Summer Camp Program is not filling up with Rush children as quick as in previous years and the Recreation Supervisor requests the Board's permission to charge non-residents full cost per child for the program. Supervisor Udicious had previously given the department permission to match the Monroe County summer camp program grant. So that a proper determination could be made, Councilman Knab asked for a written request outline.

A parent has requested permission to register their child in next year's Rush Afterschool Program. The child has severe food allergies and requires immediate attention. Attorney Frank Pavia was asked whether or not the town would be covered under the Good Samaritan Law in this matter. Attorney Pavia requested Supervisor Stephens to obtain written information from the parent in order to make a decision.

D. Rush Rifle Range - The Rifle Range is coordinated through Monroe Community College. The monthly calendar as well as schedule changes are submitted to the Town Supervisor and are forwarded by MCC to residents upon their request. An unscheduled "flash bomb" drill occurred. Pursuant to the town's agreement with the Range, all exercises are to be reported immediately to the Town. Rules are now been posted on the grounds.
