**DECISION:**

Mr. Taylor made a Motion **WHEREAS**, this Board has examined **Application 2005-03 Z** by Steven Griffin of 10 Park Lane, located in a Commercial Zoning District, requesting a front set-back variance to build a 416 square foot addition to the north side of the house and the maps and other materials which were filed with the Application. **WHEREAS**, the application is solely for a front set-back variance, now **BE IT RESOLVED**, that this Board determines that it is a Type II action, which requires no further processing under SEQR. The reason for this determination is that Section 617.5c(12) of Title 6 of the New York Code of Rules and Regulation, in listing Type II Actions, includes all variances for relief from granting of individual setback and lot line variances.

Mr. Weiler seconded the motion and the Board Members polled:

Roll:	Mr. Taylor	aye

	Mr. Eddy	aye	
	Mr. VanLare	aye	caried.

**WHEREAS**, **Application 2005-03Z** was submitted by Steven Griffin of 10 Park Lane requesting a 65 foot variance from a front setback requirement for structures of one hundred (100) feet as set forth in the Code of Rush Chapter 120-18 as described in such map and diagrams submitted with the application, and

**WHEREAS**, a public hearing on this application was scheduled and notice was posted as required by law, and

**WHEREAS**, All persons at the hearing desiring to speak on the matter were heard, all correspondence on the matter was read and statements were considered by this Board, then,

**BE IT RESOLVED**, that **Application 2005-03Z** be granted subject to the following conditions:

1. The addition shall be placed no closer to the front property line than the existing residential building.
2. No work is to be commenced until a Building Permit is obtained from the Town of Rush.
3. The construction of this addition is to be completed within one year of the approval of this application.

The reasons for this action are:

1. The set-back of the addition is no closer to the road than the set-back of the non-conforming, pre-existing dwelling.
2. There will be no undesirable change in the character of the neighborhood.
3. There is no discernible detriment to the health, safety or welfare of the community or neighborhood that would occur by the granting of this variance.
